

Wasting Time (11.2011)

Running around in circles

We're trying to keep up with the speed of time

No left, no right, on and on, sense is hard to find

I don't trust tomorrow, I wanna leave it all behind

We are restless

Struggling through the daily grind

We're tired, but still we carry on - no end in sight

I search for a place to hide, I am afraid of being blind

If you ever had a dream, don't give up and make it real

Are you wasting time or are you in?

Switch to 3rd person view to recognize what you do

Are you still wasting time or are you in?

Just like the tide and the moon

Gears won't stop turning very soon

Gazing through the window,

Gazing at the world outside

I feel the beat, the beat of madness, the pulse of life

I don't count on tomorrow, I'm gonna leave it all behind

Every single step you make could always be a small mistake

And you're wasting time - or are you in?

Switch to 3rd person view to recognize what you do

Are you still wasting time or are you in?

Just like a dreary melody

Day in and out - monotony

And like the tide and the moon

Gears won't stop turning very soon
